TOOK POST AUG. 6, 1931

Physician Plans to Make Trips to New York and Washington, D. C.

Dr. Charles C. Beale, Pickaway-co health commissioner, announced Tuesday he had tendered his resignation to the County Board of Health, effective Dec. 1.

Dr. Beale announced no definite reason for resigning but stated he had considered making a change for the last two months. He plans a trip to New York and Washington, D. C. during the early part of December. Another position has been offered him, he stated, but he has not definitely decided whether he will accept it or establish a general practice.

Consider Successor

The county Board of Health will hold a regular meeting Friday at 2 p. m. in the county health office, 116½ W. Main-st., and consider the selection of a successor to Dr. Beale. It is understood no applications for the position have been filed with the board.

Dr. Beale came to Circleville as county health commissioner on Aug. 6, 1931 from University hospital, Columbus, where he was resident physician. His home is in Mt. Sterling.

It is understood no definite action on the appointment of a county health nurse will be taken until a successor is named for the commissioner position.

Members of the county board are: Leo McKenzie, Pickaway-twp., president; Dr. G. D. Sheets, and Thomas Gephart, Williamsport; Alva Courtright, Ashville, and Harry Dick, Monroe-twp.

ITALIANS ROUT ETHIOPIAN ARMY

Official Communique Reports Chieftains Are Victims

ROME, Nov. 26—(INS)—A ferocious five-hour battle on the southern front, in which 100 Ethiopians were slain as Italian forces halted an attempted counter-invasion of Italian Somaliland, was announced in an official government bulletin today.

The battle occurred at Lamascilindin, on the Juba river north of Dolo and about 50 miles from the border, where the Italians halted a strong force under Ras Desta Deltu, son-in-law of Emperor Haile Selassie and a leading southern front commander.

The Italian casualties were four dead, five wounded, and two missing—all native dubats—according to the announcement. Two chieftains were said to have been among the Ethiopian slain.

General Rodolfo Graziani, southern front commander who ordered his men to halt the Ethiopians, who were pushing rapidly southward down the Juba valley, reported the Ethiopians were completely routed.

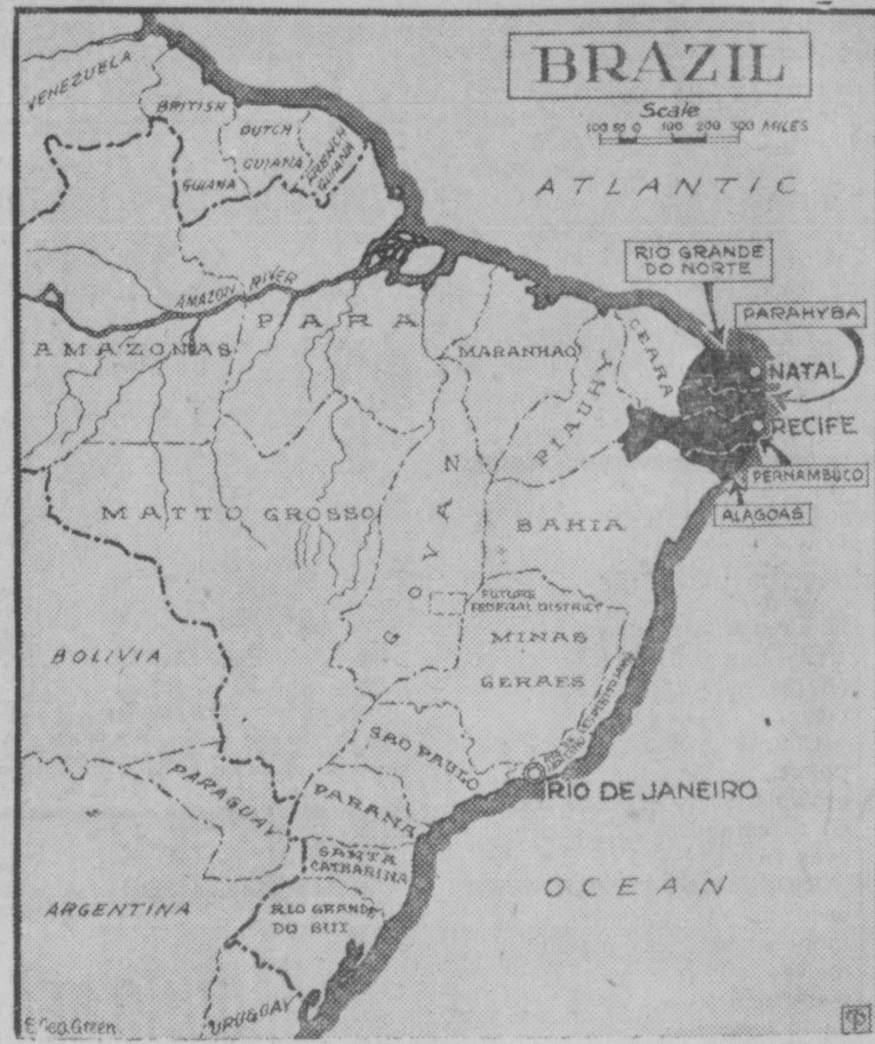

The attack occurred on the 22nd, a motorized column leading it. An ammunition dump was captured, along with 51 rifles and numerous revolvers.

TRAITOR, 39, BEHEADED

BERLIN, Nov. 26—(INS)—Sentenced last July 30 for betrayal of military secrets, Albert Spiess, 39, was beheaded in the courtyard of Ploetzensee prison.

Only a few witnesses saw the headman's axe fall, where two women and several other men have already been decapitated this year for espionage.

An Anti-Imperialist Revolt

BELIEF was expressed by observers in Rio de Janeiro that the uprising reported in four states in northeastern Brazil might envelop the nation. The revolt is a Socialist-anti-Imperialist movement. According to first reports, the revolt is led by non-commissioned officers of the army in the states of Pernambuco, Rio Grande do Norte, Alagoas and Parahyba, shown above on map.

Federal Troops Crushing Brazilian Rebel's Revolt

Many Killed at Pernambuco; End of Uprising Near; Graf Zeppelin Unable to Moor

RIO DE JANEIRO, Nov. 26—(INS)—Federal troops at daybreak today opened a vigorous attack on the red rebels at Pernambuco, bringing machine guns, hand grenades, and light artillery into play to dislodge the insurrectionists.

More than 100 revolutionaries have already been killed at Pernambuco alone, and 70 wounded, according to word reaching the capital today.

Military authorities predicted the Pernambuco rebels would capitulate before night.

Marching on Natal

More strong loyal forces were hurriedly marching on Natal to help federal troops there who have been engaging the extremists in street fighting for two days. The loyalists are said to be gaining the upper hand there, and many of the rebels have fled from the town to the interior.

Meanwhile the Graf Zeppelin, unable to moor on account of the uprising, shuttled back and forth all night around Pernambuco.

The Graf made an unsuccessful attempt to land at Maceio yesterday, but only dropped mail, and had to remain aloft until permission could be secured to tie up at Pernambuco for fuel.

The radio informed her passengers why it was impossible for them to land after their long transatlantic trip.

Police arrested several hundred suspected plotters in Rio de Janeiro, after which the city was quiet. The rebellion was also understood to have died out in provinces other than those in which Natal and Pernambuco are located.

Martial Law Ordered

Brazil was under martial law, proclaimed by President Getulio Vargas for thirty days with the overwhelming support of congress.

Many quarters believed that Luiz Carlos Prestes, leader of the Sao Paulo revolution in 1924, was at least the "inspiration" of the present insurrection.

There was no confirmation, however, that Carlos Prestes had returned to Brazil to direct the new revolt.

BLOOMFIELD MAN FINED FOR CONDUCTING DANCE

The charge was filed by Mr. Rasor and stated the dance was held on Nov. 20.

FRENCH WARNED COUP ARRANGED; RIOTING FEARED

Fascists, Under World War Hero, Reported Ready to Oust Premier Laval

PRECAUTION IS TAKEN

Many Marked for Death, Newspaper Reports, as Crisis is Thought Near

PARIS, Nov. 26—(INS)—Acting on widely-circulated reports that French Fascists would attempt to seize the government by force when the chamber of deputies meets again this Thursday, the ministerial council at a crucial session today empowered the minister of the interior to take drastic precautionary measures.

Although the meeting was called ostensibly primarily to debate the acute financial crisis facing the country, International News Service learned the ministers devoted nearly the entire session to discussion of the possibility of rioting and street fighting throughout France.

Coup Is Reported

The session developed into a bitter battle along party lines, culminating in the charge of certain factions that the Croix De Feu (Cross of fire) organization of Fascists under Col. Francois De La Rocque, popular World War veteran, was planning a sensational Coup D'Etat on Thursday.

The charge a few hours previously had been aired in detail in the newspaper L'oeuvre Populaire. The paper said that although Col. De La Rocque had cautioned his

BOY, CONDEMNED SHOUTS GREETING TO BRUNO'S CELL

TRENTON, N. J., Nov. 26—(INS)—"Hey, there, Hauptmann! How are you?"

Thus did 16-year-old Jacob Ciemiengo, youngest prisoner ever to be sentenced to the electric chair in this state, make his entrance into the gloomy death house, attendants revealed today.

The doomed youngster's cell is on the same tier as that occupied by the convicted Lindbergh baby slayer, but three cells away.

Seemingly unabashed by his predicament, Ciemiengo lost no time in "talking to that fellow Hauptmann," as he had told reporters he would before embarking on his "one-way journey" yesterday.

The stolid German replied at once: "Okay, kid. Keep your chin up." His voice, it was said, was friendly in tone.

Young Ciemiengo, as he left Mt. Holly jail handcuffed to George Hildebrand, 26, convicted with him of the murder of a farmer for "cigarette money," expressed confidence he would not go to the chair.

PULLET LAYS BIG EGG

There is at least one Pickaway-co pullet that has an egg worth a lousy cackle.

The pullet, owned by Mrs. Ralph Haughn, Ashville Rt. 2, laid an egg measuring seven and a half inches in circumference around the ends.

The egg seems to be an egg around an egg. When the egg is tipped the inside egg can be felt striking the outer shell.

Mrs. Haughn reported the pullet is a white Wyandotte, seven months old. The egg is on display in The Herald office.

POLL LISTS FDR, BORAH AS FOES; GOP WINS OHIO

"Grass Roots" Contest Operated By Country Papers Favors President

NEW YORK, Nov. 26—(INS)—A "Grass Roots" presidential poll, conducted by country newspapers of all shades of opinion in all but three states of the nation ended in a tie in the number of electoral college votes for Democrats and Republicans, it was announced today.

President Roosevelt was the overwhelming choice of those who voted Democratic and Senator Borah received the straw vote nomination of the Republicans.

The president, however, polled more votes than all the Republicans: The count was: Roosevelt—119,387; Republicans—104,851.

The president lost New York state and Pennsylvania, though, so that the electoral vote was 261 votes for each party.

Senator Borah was the outstanding choice of Republicans early in the voting, but toward the end of the balloting Gov. Alf M. Landon, of Kansas, was rapidly gaining. Borah received 30,744; Landon 19,807; Knox 11,344; Hoover 10,947.

Democrats carried Alabama, Arkansas, Colorado, Florida, (Continued on Page Eight)

SIX NATIONS FOR EMBARGO ON OIL

Experts Gather to Test Sanctions Against Italy

GENEVA, Nov. 26—(INS)—Six nations—composing—together with the United States, which has brought official pressure on shippers—Italy's chief sources of oil, have voluntarily approved an oil embargo, on the eve of a meeting of experts to test the thoroughness of sanctions already applied against Italy.

Although the question of oil sanctions will not be brought up until the committee of 18 meets around mid-December, Canada, Spain, Argentina, Russia, Rumania, and India have offered to stop oil shipments to India if the remainder of the league members and outside oil producers cooperate.

Ten nations—Britain, Spain, France, Greece, Poland, Rumania, Sweden, Soviet Russia, Turkey, and Yugoslavia—will be represented at tomorrow's experts' meeting.

Their most important study will determine whether the sanctions already applied carry out of league's aims, and if they have been applied by all league members to their colonies and mandated territories.

FOUR CHARGES INCLUDED IN SUIT; MAY REACH TRIAL WITHIN 30 DAYS

Incumbent Mayor Declares Minors Voted for Foe, and that other Ineligible Persons Decided Election in Favor of Republican

The way was opened late Monday afternoon for one of the bitterest court battles in Pickaway-co's history when attorneys for Mayor W. B. Cady filed a petition in common pleas court against Will J. Graham, mayor elect, contesting the election.

Attorneys C. A. Leist and Emmitt L. Crist filed the action with A. L. Wilder, clerk of courts, about 4:30 p. m.

Four charges are included in the petition. They are:

1. That certain ballots were cast for Mr. Graham which were illegal for the reason they were cast by minors.
2. That certain ballots were cast by voters who were not qualified by reason of the fact they were non-residents of the city.
3. That in the recount the Board of Elections counted mutilated and defaced ballots which should not have been counted for any candidate.
4. That there were many other irregularities occurring at the election.

From all indications the case will be heard by the court within the next 30 days. Attorneys reported a copy of the petition will

be served on Mr. Graham and he has ten days in which to answer. The contest is heard by the court, not by a jury, they reported.

The court action brings to a head the mayoralty fight that resulted from a tie vote at the election. Will J. Graham was selected by lot by the Board of Elections and a recount was asked by both parties.

In the recount Mayor Cady gained one vote and Mr. Graham gained three.

AUTONOMY CHIEF FLEES AS CHINA HITS JAP ACTION

PEIPING, Nov. 26—(INS)—Yin Ju-Keng, curator of the pro-Japanese "anti-communist council" of East Hopei province, fled from the capital of his new state into the demilitarized zone today to avoid arrest ordered a few hours previously by the Nanking government.

Thus the latest autonomy movement apparently collapsed under the strong pressure from the central government, taken as reports through Chinese sources reached here stating from 10,000 to 12,000 Japanese troops had marched into China proper through Great Wall passes at Kupeikou and other points.

DAVEY HITS RELIEF

COLUMBUS, Nov. 26—(INS)—Gov. Martin L. Davey, one of the severest critics of the national administration's relief policies, took another crack at federal relief authorities today.

GIRL MURDERER HUNTED IN WEST

14-Year-Old Found Slain; Lynching Cries Heard

FRESNO, Cal., Nov. 26—(INS)—Lynch threats rumbled through the rich San Joaquin valley of central California today as hundreds of farmers joined the manhunt for the fiend slayer of Mary Stammer, 14-year-old daughter of Walter Stammer, one of Fresno's leading attorneys.

The lynch threats were so widespread Sheriff George Overholt instructed his deputies not to bring their prisoner to Fresno if they were convinced they had the right man.

While the most determined manhunt in the history of Fresno was under way, private funeral services for the beautiful blonde girl were to be held later in the day.

10 "Hoboes" Grilled

Nearly 100 itinerants from the hobo jungles on the outskirts of the city were rounded up for questioning.

Authorities, however, were inclined to believe the girl was slain by a youth who had made himself acquainted with the interior of the Stammer home.

It was in this home the girl was slain. Her lust-maddened killer fired a 22 calibre pistol or rifle bullet from outside at his victim who sat in her father's library Sunday night reading a law book.

She was a precocious high school student and sat up to read while her mother drove her father to the railroad station shortly before 1 o'clock Sunday night.

When Mrs. Stammer returned she found the nude body of her daughter in a bedroom.

The fiend, after firing a bullet at the girl from outside the house and seeing her slump to the floor, crashed his fist through a window and unlocked it. He mercilessly beat the unconscious girl and then dragged her to the bedroom. The child's clothes were scattered about the library.

The moron apparently was frightened away by the return of Mrs. Stammer.

VIA CASES BE DECIDED COURT JAN. 13

Important to Roosevelt's Farm Program to Be Argued Soon

WASHINGTON, Nov. 26—(INS)—The Supreme court battle on constitutionality of major Roosevelt administration measures moving swiftly toward a climax today, with decisions in four vital cases likely in January.

The decisions may not only settle the foundations of the administration's farm relief and other programs, but many force Congress to spend months framing new laws.

January 13 is date the cases on which decisions are expected, possibly on January 13, 1936.

The *Flour Mills* case, involving constitutionality of the original act and processing taxes. To be argued Dec. 9.

The *Moor* case, in which the court may decide constitutionality of the Bankhead compulsory cotton control act. To be argued about Dec. 11. Court must act on jurisdictional questions alone.

The *Harvard* case in which the Supreme Federal Judge Grubb of Birmingham, Ala., held the Tennessee Valley authority act unconstitutional as to sale of surplus power. To be argued Dec. 11.

The *Miller* case, in which the court may rule on constitutionality of amended AAA, which became effective last Aug. 24; and validity of provisions prohibiting injunctions against tax collection and requiring processors to show taxes were not passed on to public before refunds could be obtained.

The court, by the extraordinary act of granting a temporary injunction yesterday against collection of rice processing taxes shattered the legal strategy of the government.

Verdict is Slow

Administration legal experts sought for a decision on the original AAA before the court ruled on the amended AAA. It was supposed to have remedied defects in the original law. Under this plan, unless the court's decision was sweeping in character, the AAA could continue to operate under the amended law. The original law was thrown out meantime a new farm scheme could be sought.

Text of Petition Filed By W.B. Cady in Contest

Three Specific Charges Listed By Incumbent; Claims Minors Voted with Other Ineligibles

Following is the petition verbatim filed by Mayor W. B. Cady late Monday afternoon declaring a contest in his efforts to retain the mayor's job.

William B. Cady, petitioner to this court is, and was on the 5th day of November, 1935, an elector of Circleville, Pickaway-co. Ohio, and who was the Democratic

candidate for Mayor of the City of Circleville at the election held on Nov. 5, 1935, said petitioner says that at the election of Nov. 5, 1935 that he was opposed to one Will J. Graham, who was the Republican candidate for Mayor of the City of Circleville, and that the said petitioner, William B. Cady was thereat duly and legally elected to said office of Mayor of the City of Circleville.

This petitioner further says that on the 8th day of November, 1935 the Board of Elections of Pickaway-co, Ohio declared the result of said election in favor of Will J. Graham for Mayor by determining by lot that he was the successful candidate, each having received 1375 votes for said office at said election. That thereafter on the 18th day of November, 1935 a recount of the ballots cast for the office of mayor of said City was made by said Board of Elections and that said Board determined that the said Will J. Graham on said re-count received 1379 votes and that said Board again declared the said Will J. Graham the duly elected Mayor of the City of Circleville, Ohio.

Your petitioner contests the results of said election as declared by the Board of Elections of Pickaway-co, Ohio, and appeals therefrom and files this petition on the following grounds, to-wit:

First: That at said election certain ballots were cast for the said Will J. Graham for the office of mayor, which ballots were illegal and void and should not have been counted in said result for the reason that the same were cast by minors and persons not entitled to vote in said election.

Second: That in said election certain ballots were cast for the said Will J. Graham for said office by certain voters who were not qualified to vote in said election by reason of the fact that they were non-residents of Circleville.

Third: That in the re-count of said ballots by the Board of

Helen Hays Draws Many To Her Radio Audience

Screen Star Appears On Air at Same Time as Waring and Durante-Novis at 9:30

The following of Helen Hays, dramatic star of the screen, is growing as a result of her fine broadcasts in the serial drama "The New Penny." An all-cast accompanies Miss Hays in her NBC broadcasts on Tuesday evenings at 9:30. KDKA, Pittsburgh, is probably the best local station for the program, it being found about 980 on most radios.

The only dissatisfying feature about the program is the fact that several other fine attractions are on the air at the same time. Fred Waring and his fine show is broadcast by CBS, and Jimmy Durante and Donald Novis is a WLW feature.

Some musical attractions to-night are:

Leo Reisman with Phil Dwyer at 8, WTAM; Frank Munn, tenor, CBS at 8; Richard Himber, WGN at 8:45; Glen Gray, CBS at 9; Ben Bernie WLW at 9; Horace Heidt, WGN at 11.

Second of a new series of programs titled "Your University at Work" will be aired from WOSU, Ohio State university station, at 2:45 p. m. Wednesday. Ken Foley, traveling radio reporter, is describing experiments in the research divisions of the many laboratories on the campus in the series. The programs are being arranged with the assistance of the station staff.

Richard Duncan, violinist, new member of Ohio State University's music department staff, and Olwen Jones faculty pianist, will be featured in the department's weekly program at 8:00 p. m. Wednesday Duncan has appeared as guest soloists frequently over WHAM, Rochester, N. Y.

Jane Froman has just been notified that Warner Brothers has picked up its option for her to make three more pictures for them. All they had to do was to get one glimpse of her initial effort and they were sold. It seems the Beauty Box Theater program is a gateway to the movie studios.

Besides lovely Jane, Gladys Swarthout and Jimmy Melton both graduated from this show and went to work beside the cameras.

THEATRES

AT THE CLIFTONA

Lionel Barrymore is probably the most versatile member of the Royal family or America's theatre. There is scarcely a medium of art in which Barrymore does not shine. His short stories and essays are widely known. His etchings were exhibited among the hundred best drawings of 1932. His acting, his greatest art, has made him a perfect creative genius.

Barrymore's acting has carried him around the World several times and he has appeared in practically every civilized country.

Born in Philadelphia, the son of Maurice Barrymore and Georgia Drew Barrymore, great stage figures of their day, he made his first stage appearance as a boy in arms. After a scholastic education in New York and one of art in Paris, he appeared on the New York stage in such hits as "The Copperhead," "The Jester," "Peter Ibbelton," and "The Claw."

He is at the Cliftona Theatre in "The Return of Peter Grimm."

AT THE CIRCLE

What's what in the world of crime is the idea behind "The Girl Who Came Back," the new Chesterfield picture which is now showing at the Circle Theatre for a two day run. While the so-called "G Men" have been coming into their own under the inspired leadership of J. Edgar Hoover, the underworld, replying in kind to the menace of this challenge, has called science to its aid. Each day sees some new method of crime introduced to supplant the technique that has failed before the attacks that science has made upon it.

AT THE GRAND

Most actresses, working in an emotional scene which requires weeping, have to resort to pseudo tears.

Ann Dvorak, on the contrary, can weep at will. This came in handy during the filming of "Bright Lights," in which she played opposite Joe E. Brown in this First National comedy, with music, which at the Grand Theatre.

AKRON, Nov. 26—(INS)—The strike-torn plant of the Ohio Insulator Co. in Barberton was closed today on the orders of Sheriff James T. Flower following another mass meeting of labor leaders and citizens and a parade through Barberton streets last night.

Authorities reported that only a few deputy sheriffs were on duty at the plant, and there had been no signs of further violence.

In the meantime, a general strike prevailed in the industrial suburb and a second 48-hour truce at the insulator plant terminated yesterday at 6 p. m.

Sheriff Flower locked up the plant as the truce terminated in what was described by labor officials as an unprecedented move.

TO ADMINISTER ESTATE

Mrs. Minnieola Spangler and Stuart C. Spangler, were named administrators with the will annexed of the estate of Noah G. Spangler Monday morning by Probate Judge C. C. Young.

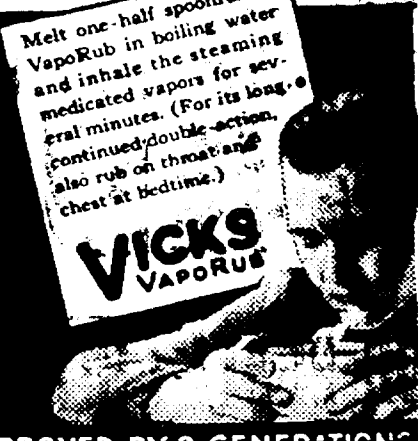

R. L. Brehmer, H. W. Plum and Walker Baughman were appointed appraisers.

The sheriff and his aids marched into the factory and escorted 11 automobiles filled with 65 company officials and non-striking employees through the gates patrolled by a heavily-armed guard of special deputies, and then closed the plant.

The dispute between the international Brotherhood of Operative Potters and the company, which was responsible for closing the factory, went into its eleventh week. Violence followed the return to work last week of 65 employees.

Several hundred union workers and sympathizers from Barberton's 16 locals affiliated with the central labor union marched through the streets last night following the mass meeting, but no disorders were staged.

AAA, TVA CASES MAY BE DECIDED BY COURT JAN. 13

Rulings Important to Roosevelt's Farm Program to Be Argued Soon

WASHINGTON, Nov. 26—(INS)—The Supreme court battle on constitutionality of major Roosevelt administration measures moved swiftly toward a climax today, with decisions in four vital cases likely in January.

The decisions may not only shake the foundations of the administration's farm relief and power programs, but many force congress to spend months framing new laws.

January 13 Is Date

The cases on which decisions are expected, possibly on January 13, are:

1. The Hoosac Mills case, involving constitutionality of the original AAA and processing taxes. To be argued Dec. 9.
 2. Lee Moor case, in which the court may decide constitutionality of the Bankhead compulsory cotton control act. To be argued about Dec. 11. Court might act on jurisdictional questions alone.
 3. Ashwander case in which the late Federal Judge Grubb of Birmingham, Ala., held the Tennessee Valley authority act unconstitutional as to sale of surplus power. To be argued Dec. 16.
 4. Rice Millers case, in which the court may rule on constitutionality of amended AAA, which became effective last Aug. 24; and validity of provisions prohibiting injunctions against tax collections and requiring processors to show taxes were not passed on to public before refunds could be obtained.
- The court, by the extraordinary action of granting a temporary injunction yesterday against collection of rice processing taxes shattered the legal strategy of the government.

Verdict Is Blow

Administration legal experts had fought for a decision on the original AAA before the court acted on the amended AAA—which was supposed to have remedied defects in the original law. Under this plan, unless the court's decision was sweeping in character, the AAA could continue to operate under the amended law if the original law were thrown out. Meantime a new farm scheme could be sought.

YOUTH, 22, IS KILLED

COLUMBUS, Nov. 26—(INS)—The first fatality of the hunting season in Franklin-co. was recorded today with the death of Russell Armentrout, 22, Hilliards. He was killed when his shotgun accidentally discharged while he was pulling it through a wire fence in the rear of the Hilliards grade school.

BUD FISHER HURT IN FALL

NEW YORK, Nov. 26—(INS)—Bud Fisher, famous cartoonist, was in a serious condition in Gotham hospital today with injuries sustained when he tripped and fell down a flight of stairs at Soldiers' field, Cambridge, Mass., at the Harvard-Yale football game last Saturday. At the hospital it was said Fisher's right hip and elbow were fractured and possibly his skull.

13-CARD PROBLEM

A FELLOW of Edinburgh university sent in the following problem hand. East is declarer. Clubs are trumps. The opening lead is the J of diamonds. Can a grand slam be made against the best subsequent defense?

As recently published, through a stenographic error, the notes of the correct solution were printed in part only, with the last 3 cards held by each player printed as given in the incorrect solution received from Scotland. The correct solution is as given below.

♠ J 9 8 6
♥ K 10 7 6 4
♦ Q 6
♣ Q J

♠ A 7 4
♥ A 9 5
♦ A K 7 3
♣ A K

♥ 3 2
♦ None
♣ 10 9 8 6

♠ K Q 10
♥ Q J 8
♦ J 10 9 8 5 4
♣ 7

Win the opening lead with dummy's K of diamonds. Discard dummy's lowest spade. Pick up all opposing trumps, by leading dummy's two clubs. Have declarer trump dummy's lowest diamond. South's best discard on the second trump lead from dummy is the 4 of diamonds.

East now starts his preliminaries to a double squeeze. He leads the two rounds of trumps, forcing declarer to discard. Dummy holds the low suit card which South discards. North also is squeezed. In no way could defenders avoid the grand slam made by East.

Text of Petition Filed By W. B. Cady in Contest

Three Specific Charges Listed By Incumbent; Claims Minors Voted with Other Ineligibles

Following is the petition verbatim filed by Mayor W. B. Cady late Monday afternoon declaring a contest in his efforts to retain the mayor's job:

William B. Cady, contestor v. Will J. Graham, contestee.

William B. Cady, petitioner to this court is, and was on the 5th day of November, 1935, an elector of Circleville, Pickaway-co. Ohio, and who was the Democratic candidate for Mayor of the City of Circleville at the election held on Nov. 5, 1935, said petitioner says that at the election of Nov. 5, 1935 that he was opposed to one Will J. Graham, who was the Republican candidate for Mayor of the City of Circleville, and that the said petitioner, William B. Cady was thereat duly and legally elected to said office of Mayor of the City of Circleville.

This petitioner further says that on the 8th day of November, 1935 the Board of Elections of Pickaway-co. Ohio declared the result of said election in favor of Will J. Graham for Mayor by determining by lot that he was the successful candidate, each having received 1375 votes for said office at said election. That thereafter on the 18th day of November, 1935 a recount of the ballots cast for the office of mayor of said City was made by said Board of Elections and that said Board determined that the said Will J. Graham on said re-count received 1379 votes and that this petitioner on said re-count received 1376 votes and that said Board again declared the said Will J. Graham the duly elected Mayor of the City of Circleville, Ohio.

Your petitioner contests the results of said election as declared by the Board of Elections of Pickaway-co. Ohio, and appeals therefrom and files this his petition on the following grounds, to-wit:

First: That at said election certain ballots were cast for the said Will J. Graham for the office of mayor, which ballots were illegal and void and should not have been counted in said result for the reason that the same were cast by minors and persons not entitled to vote in said election.

Second: That in said election certain ballots were cast for the said Will J. Graham for said office by certain voters who were not qualified to vote in said election by reason of the fact that they were non-residents of Circleville.

Third: That in the re-count of said ballots by the Board of

BAINE IS SENT TO JAIL FOR CONCEALED WEAPON

Henry Baine, 49, Rt. 5, city, was bound to the grand jury under \$500 Monday morning by Mayor W. B. Cady on a charge of carrying a concealed weapon.

Baine was arrested by police for intoxication on W. Main-st. Officers said he was carrying a loaded .32 calibre pistol. He was unable to furnish bond and was committed to the county jail.

THEATRES

AT THE CLIFTONA

Lionel Barrymore is probably the most versatile member of the Royal family or America's theatre. There is scarcely a medium of art in which Barrymore does not shine. His short stories and essays are widely known. His etchings were exhibited among the hundred best drawings of 1932. His acting, his greatest art, has made him a perfect creative genius.

Barrymore's acting has carried him around the World several times and he has appeared in practically every civilized country. Born in Philadelphia, the son of Maurice Barrymore and Georgia Drew Barrymore, great stage figures of their day, he made his first stage appearance as a boy in arms. After a scholastic education in New York and one of art in Paris, he appeared on the New York stage in such hits as "The Copperhead," "The Jester," "Peter Ibbelton," and "The Claw."

He is at the Cliftona Theatre in "The Return of Peter Grimm."

AT THE CIRCLE

What's what in the world of crime is the idea behind "The Girl Who Came Back," the new Chesterfield picture which is now showing at the Circle Theatre for a two day run. While the so-called "G Men" have been coming into their own under the inspired leadership of J. Edgar Hoover, the underworld, replying in kind to the menace of this challenge, has called science to its aid. Each day sees some new method of crime introduced to supplant the technique that has failed before the attacks that science has made upon it.

AT THE GRAND

Most actresses, working in an emotional scene which requires weeping, have to resort to pseudo tears.

Ann Dvorak, on the contrary, can weep at will. This came in handy during the filming of "Bright Lights," in which she played opposite Joe E. Brown in this First National comedy, with music, which at the Grand Theatre.

Helen Hays Draws Many To Her Radio Audience

Screen Star Appears On Air at Same Time as Waring and Durante-Novis at 9:30

The following of Helen Hays, dramatic star of the screen, is growing as a result of her fine broadcasts in the serial drama "The New Penny." An all-cast accompanies Miss Hays in her NBC broadcasts on Tuesday evenings at 9:30. KDKA, Pittsburgh, is probably the best local station for the program, it being found about 980 on most radios.

The only dissatisfying feature about the program is the fact that several other fine attractions are on the air at the same time. Fred Waring and his fine show is broadcast by CBS, and Jimmy Durante and Donald Novis is a WLW feature.

Some musical attractions to-night are:

Leo Reisman with Phil Ducey at 8, WTAM; Frank Munn, tenor, CBS at 8; Richard Himber, WGN at 8:45; Glen Gray, CBS at 9; Ben Bernie WLW at 9; Horace Heidt, WGN at 11.

Second of a new series of programs titled "Your University at Work" will be aired from WOSU, Ohio State university station, at 2:45 p. m. Wednesday. Ken Foley, traveling radio reporter, is describing experiments in the research divisions of the many laboratories on the campus in the series. The programs are being arranged with the assistance of the station staff.

Richard Duncan, violinist, new member of Ohio State University's music department staff, and Olwen Jones faculty pianist, will be featured in the department's weekly program at 8:00 p. m. Wednesday Duncan has appeared as guest soloists frequently over WHAM, Rochester, N. Y.

Jane Froman has just been notified that Warner Brothers has picked up this option for her to make three more pictures for them. All they had to do was to get one glimpse of her initial effort and they were sold. It seems the Beauty Box Theater program is a gateway to the movie studios. Besides lovely Jane, Gladys Swarthout and Jimmy Melton both graduated from this show and went to work beside the cameras.

STEBELTON DISCUSSES 'FEATHERS' FOR CLUB

R. F. Stebelton, superintendent of Muhlenberg-tw2 school, told Kiwanians Monday night he had chosen a light subject for his address and spoke on "Feathers."

He outlined the various uses of feathers in the history of our country. Pilgrims and early settlers used feathers for mattresses. Indians used them for arrows and two of the most important documents in history were written with quill pens, the Declaration of Independence and the Constitution, the speaker pointed out.

With the introduction of steel pens, the feather industry was turned over to the ladies who used every type of feather imaginable for their hats and in some instances had complete birds mounted as decorations. The speaker referred to one society woman of the day who remarked "I consider feathers so ducky." "Many an old time automobile climbed a tree when mama's huge ostrich plume tipped papa's hat over his eyes," the speaker said.

Mr. Stebelton was excused early from the meeting to keep another appointment.

Elmer E. Regier, principal of Circleville high school, was taken in as a new member of the organization. Members voted to hold Ladies night on Dec. 9.

Thirty men attended the meeting.

COLLEGE STUDENTS HELP FIGHT VILLAGE FLAMES

BOWDOIN, Me., Nov. 26—(INS)—Two hundred Bowdoin college students joined firemen and citizens of several towns in extinguishing a five hours fire Monday which threatened the business and residential sections.

At one time, roof tops of six buildings, including the Town hall, were set afire by embers carried by strong winds.

PLANT CLOSED, TROUBLE ENDED

Only Few Deputies on Duty at Insulator Company

AKRON, Nov. 26—(INS)—The strike-torn plant of the Ohio Insulator Co. in Barberton was closed today on the orders of Sheriff James T. Flower following another mass meeting of labor leaders and citizens and a parade through Barberton streets last night.

Authorities reported that only a few deputy sheriffs were on duty at the plant, and there had been no signs of further violence. In the meantime, a general strike prevailed in the industrial suburb and a second 48-hour truce at the Insulator plant terminated yesterday at 6 p. m.

Sheriff Flower locked up the plant as the truce terminated in what was described by labor officials as an unprecedented move.

The sheriff and his aids marched into the factory and escorted 11 automobiles filled with 65 company officials and non-striking employees through the gates patrolled by a heavily-armed guard of special deputies, and then closed the plant.

The dispute between the international Brotherhood of Operative Potters and the company, which was responsible for closing the factory, went into its eleventh week. Violence followed the return to work last week of 65 employees.

Several hundred union workers and sympathizers from Barberton's 16 locals affiliated with the central labor union marched through the streets last night following the mass meeting, but no disorders were staged.

NEW TAX PLANS

Opposition to Ward's Income
Measure Grows; Hearings
Under Way

COLUMBUS, Nov. 26.—(INS)—Ohio business and industry today again paraded a stream of witnesses before the House taxation committee in opposition to the Ward income tax bill. The basic argument of all these representatives was that "no new taxes" are necessary and each endorsed the inter-organization report which reached the conclusion that Ohio's governmental expenditures can be balanced with revenue raised from the re-enactment of existing levies.

After Rep. P. E. Ward (R) Geauga-co. had sounded the keynote in support of the measure as that of a continuation of the battle between those who have and those who haven't, speakers representing different business organizations and chambers of commerce testified before the committee. Their contentions were based around the following:

1. That no new taxes are necessary.
2. That business and industry will suffer.
3. That the state may lose certain industries which would move rather than submit to new tax burdens.

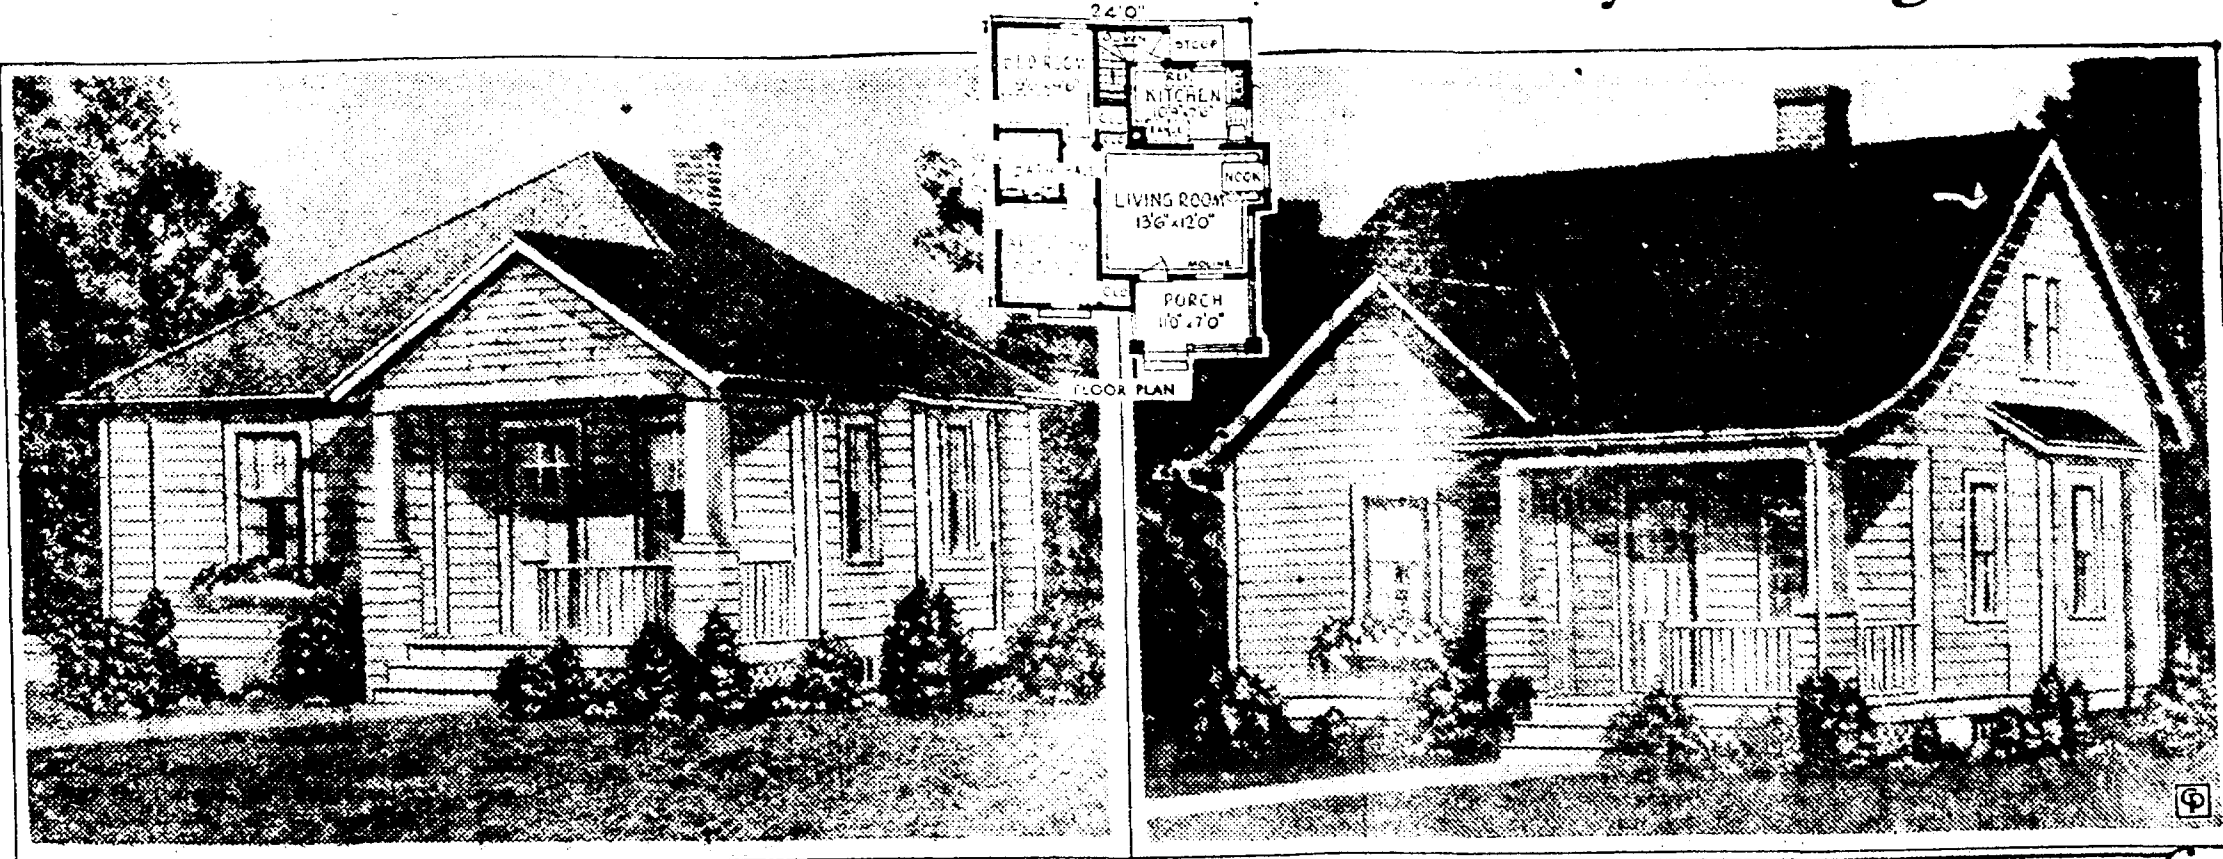

4. That the federal government has pre-empted this field of taxation and Ohio would be tugging the situation by adding to the income tax load.

5. That this bill is opposed to the fundamental philosophy of the country by removing the stimulus for thrift.

Among the speakers were John L. Marsh, Youngstown executive in the gas and oil industry; Don K. Martin representing the manufacturers' association; Dr. A. D. Schultz, of the Ohio Chamber of Commerce and a number of others.

COLUMBUS, Nov. 26.—Gov. Martin L. Davey in another of his radio talks last night pointed to the need for a more efficient compensation system of Ohio and pledged his efforts to speed up a plan to remove some of the "most worn inefficiency" that has developed in that department. Prompt audit of payrolls and forcing all employers to pay their assessments according to the law would increase revenue and reduce rates, the Governor said. His subject was "The Case of the Injured Workman."

Carnegie's Anniversary
Recalled by Libraries

Many Surrounding Cities, Villages Benefited By Gifts; Born 100 Years Ago Monday

One hundred years ago Monday in Dunfermline, Scotland, a boy was born, whose name consciously, or subconsciously, comes to mind, when anyone thinks of public libraries.

In the celebration of this century, Carnegie Libraries all over the United States are dedicating the week to Andrew Carnegie who gave over \$60,000,000 for the erection of Public Library buildings in the United States. As part of the program, in each of these libraries, a portrait of Carnegie will be unveiled.

While the local library was not among the recipients of a library building, the impetus given to the public library movement by these gifts was felt by every such institution. Our near neighbors, Chillicothe, Washington C. H., Mt. Sterling, Columbus and Pickerington, have "Carnegie" Libraries; Pickerington has the distinction of being the smallest community to receive such a gift, and Columbus was the last of the larger cities to receive funds for other than Branch library buildings.

SCHOOLS ARE URGED TO
PLAN HISTORY PROGRAM

City and county schools have been asked by Gov. Martin L. Davey to arrange a program Wednesday observing the 150th anniversary of the founding of Fort Harmar, an interesting and important event in the history of the nation.

The statement sent out by the

as an industrialist, and the growth of the steel industry, under his domination, is John K. Winkler's "Incredible Carnegie," published in 1931.

Short sketches of Carnegie may be found in many books and magazines; especially usable ones for teachers, and others, at this time, are found in Beard's "Our Foreign Born Citizens," Bolton's "Poor Boys Who Became Famous," Husband's "Americans By Adoption," Tappan's "Heroes of Progress," and Wildman's "Famous Leaders of Industry," Vol. 2.

Carnegie, himself was the author of a number of books, including his "Autobiography," one of which, owned by the Circleville library, "Triumph of Democracy" should make interesting reading in this year 1935, forty years after its original publication.

governor to superintendents follows:

"This year marks the 150th anniversary of the building of Fort Harmar at the confluence of the Ohio and Muskingum rivers.

"It was this historic fort which protected the early settlers from attacks by hostile Indians. It was from this frontier outpost, also, that the Colonies frustrated the British dream of an empire west of the Ohio River. Perhaps of still greater importance, Fort Harmar played a most conspicuous part in the realization of a United States of America. When General Harmar established the famous fort named in his honor,

three conventions had already been called to organize a separate government west of the Ohio River. Fort Harmar did much to unite the western wilderness with the Colonies and thereby opened the way for the development of a great nation.

"The Thanksgiving season is a particularly appropriate time for Ohioans to honor the memory of Fort Harmar. The hardships which the Pilgrim Fathers overcame in settling the East were the same hardships which our heroic pioneers conquered in winning the West."

But if statesmen aren't superior, how can they think up a law that mere judges can't understand.

Judges Lemert and McGonagle Active in Contest

COLUMBUS, Nov. 26.—(INS)—The names of Judges C. C. Lemert, Zanesville, and U. S. McGonagle, New Lexington, today entered speculation concerning a successor to the late Federal Judge Benson Hough who died last week.

Lemert is a member of the fifth district court of appeals and McGonagle is Perry-co common pleas judge. Friends of both were reported to be quietly developing support for them.

Also prominently mentioned here as a possible appointee was James Huffman, former state utilities commissioner and son-in-law of U. S. Sen. A. Vic Donahey. He has not indicated whether he will make an aggressive campaign for the judgeship.

Senator Donahey and Robert J. Bulkley will make a recommendation and the judge will be ap-

"It was this historic fort which protected the early settlers from attacks by hostile Indians. It was from this frontier outpost, also, that the Colonies frustrated the British dream of an empire west of the Ohio River. Perhaps of still greater importance, Fort Harmar played a most conspicuous part in the realization of a United States of America. When General Harmar established the famous fort named in his honor,

three conventions had already been called to organize a separate government west of the Ohio River. Fort Harmar did much to unite the western wilderness with the Colonies and thereby opened the way for the development of a great nation.

"The Thanksgiving season is a particularly appropriate time for Ohioans to honor the memory of Fort Harmar. The hardships which the Pilgrim Fathers overcame in settling the East were the same hardships which our heroic pioneers conquered in winning the West."

But if statesmen aren't superior, how can they think up a law that mere judges can't understand.

TWO MENTIONED FOR HOUGH JOB

Judges Lemert and McGonagle Active in Contest

COLUMBUS, Nov. 26—(INS)—The names of Judges C. C. Lemert, Zanesville, and U. S. McGonagle, New Lexington, today entered speculation concerning a successor to the late Federal Judge Benson Hough who died last week.

Lemert is a member of the fifth district court of appeals and McGonagle is Perry-co common pleas judge. Friends of both were reported to be quietly developing support for them.

Also prominently mentioned here as a possible appointee was James Huffman, former state utilities commissioner and son-in-law of U. S. Sen. A. Vic Donahey. He has not indicated whether he will make an aggressive campaign for the judgeship.

Senator Donahey and Robert J. Bulkley will make a recommendation and the judge will be ap-

pointed by President Roosevelt. Since the Southern District court docket is not crowded, the senators were expected to be in no hurry in making their selection.

laxatives, and keep reducing the dose until the bowels need no help at all.

Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why your laxative should be in liquid form. A liquid dose can be regulated to the drop.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—both natural laxatives that form no habit even with children. Syrup Pepsin is the nicest tasting, nicest acting laxative you ever tried.

MOST OF VITAMINS INCLUDED IN MENU CONTAINING CARROTS

By MRS. MARY MORTON
Menu Hint

Baked Pineapple, Sausages
With Sweet Potatoes
Sour Cabbage Salad
Carrot Pudding
Coffee

Practically all the vitamins are served in this menu. Add celery and green pepper if you have it, to your cabbage salad. The crispness of that dish will offset the richness of the sausage dish, which, however, is an excellent recipe to bear in mind and serve to a group of friends sometime. It would go well after a skating party or other outdoor sports.

Today's Recipes

Baked Pineapple, Sausages With Sweet Potatoes—Parboil, then cool and peel four good-sized sweet potatoes. Cut in large pieces and place in a round, oven dish. Cover with slices of pineapple and sprinkle with one-third to one-half cup of brown sugar (depending upon how sweet you like it). Then sprinkle with cracker crumbs.

Parboil two pounds small link sausages for five minutes, forking them to let some of the grease ooze out, then dip them out of the boiling water and arrange on top of the pineapple. Again sprinkle with cracker crumbs. Cover dish and bake in moderate oven 35 minutes. The cover may be removed five minutes before taking from oven, to let brown. Serves five.

Carrot Pudding—One cup grated carrots, one cup grated potatoes, one cup seedless raisins, one-half cup melted butter, one cup brown sugar (or white), one and one-half cups pastry flour, one teaspoon each soda, cinnamon, nutmeg, allspice. Mix in order given, put in pans in waterless cooker and steam three hours. When done turn out on platter and divide servings with fork. Do not cut. To make brandy sauce, sweeten about one quart of water to taste, add large lump of butter and one nutmeg. Thicken slightly with flour and bring to boil, move from stove and add brandy to taste. Serve hot over pudding. Both pudding and sauce are good reheated.

FACTS AND FANCIES

Makes Yo-Yos
A reader contributes this which a young person might try for herself and to make some Christmas gifts.

After losing two yo-yos I tried to make one with buttons and it worked fine. Take two, nearest buttons or any that have raised round back and sew them to leather laces. Now fasten a string to them between the buttons and you have a yo-yo. You can do more tricks with them because they are smaller.

Cranberry Salad
One quart cranberries, one large apple, one large orange (or two small ones), one cup dried celery, one-half teaspoon salt, one package strawberran flavored gelatin, two cups boiling water. Boil cranberries, apple and orange through food chopper. Stir in sugar, celery and salt. Dissolve gelatin (strawberry flavor may be used in stead) in boiling water.

ine, of Lima will arrive Wednesday to spend Thanksgiving and the week-end with the former's mother, Mrs. H. P. Folsom, Park-pl.

Mrs. Joseph Wilder, E. Mount-st., will spend Thanksgiving and the week-end with her brother-in-law and sister, Mr. and Mrs. Benjamin Thrope in Columbus, leaving Wednesday.

Mrs. Mabel Walling, W. Mount-st., will have as her guests over Thanksgiving arriving Wednesday her son-in-law and daughter, Dr. and Mrs. R. D. Gill and daughter Susan, and Miss Elizabeth Kerr of Wheeling, W. Va. and her son Stuart Walling and Mrs. Margaret Breece of Portsmouth.

Mrs. Charles Lamb of Columbus, the former Ethel Wilson of Tucson, Ariz. where she will spend the winter.

Mr. and Mrs. Andrew Themas have moved from 112 S. Washington-st. to 229 N. Court-st.

Mr. and Mrs. Richard Wasson and son, Richard Jr., arrived Monday from Athens for a two weeks' stay with Mrs. Wasson's parents, Mr. and Mrs. A. V. Oshorn, E. Main-st., before leaving for Denver, Colo. where they will make their home.

Mrs. Don White, S. Court-st. was among guests at a dinner given in Chillicothe Saturday evening, honoring Miss Joseph Louise Franklin, whose marriage to Mr. Paul Chasner, will take place Thanksgiving evening. The bride, Miss Lucas was hostess at the affair.

Cool. Stir in fruits and turn into molds to chill.

Cranberry Salad

One package lemon-flavored gelatin, two cups boiling water, one-half cup shredded pineapple well drained, one and one-half cups thick cranberry sauce, sweetened. Dissolve gelatin in boiling water and chill. When slightly thickened add pineapple and cranberry sauce. Turn into mold and chill until firm. When ready to serve cut into squares and place on crisp lettuce on individual salad plates. Garnish with mayonnaise and several halves of ripe olives.

Cooked Salad Dressing

One teaspoon salt, one teaspoon mustard, dash of cayenne, two tablespoons flour, two tablespoons sugar, two egg yolks, one cup evaporated milk, one tablespoon lemon juice, three tablepoons vinegar. Blend salt, mustard, cayenne, flour and sugar. Add egg yolks. Mix well, then add milk. Cook over boiling water until mixture thickens. Cool slightly, then stir in the vinegar and lemon juice. A few drops of onion juice may be added. Yield: one and one-fourths cups.

Custard

Two tablespoons flour, three tablespoons sugar, two cups milk, scalded; two eggs or three egg yolks, one-fourth tea spoon salt, one teaspoon vanilla. Combine flour and sugar, add scalded milk slowly, stirring to make a smooth paste. Cook over hot water, stirring constantly until thickened and then occasionally Cook fifteen minutes. Pour slowly onto eggs, beaten slightly with salt. Cook two minutes longer, cool, add vanilla and serve.

It would go well after a skating party or other outdoor sports.

Today's Recipes
Baked Pineapple, Sausages With Sweet Potatoes—Parboil, then cool and peel four good-sized sweet potatoes. Cut in large pieces and place in a round, oven dish. Cover with slices of pineapple and sprinkle with one-third to one-half cup of brown sugar (depending upon how sweet you like it). Then sprinkle with cracker crumbs.
Parboil two pounds small link sausages for five minutes, forking them to let some of the grease ooze out, then dip them out of the boiling water and arrange on top of the pineapple. Again sprinkle with cracker crumbs. Cover dish and bake in moderate oven 35 minutes. The cover may be removed five minutes before taking from oven, to let brown. Serves five.

Carrot Pudding—One cup grated carrots, one cup grated potatoes, one cup seedless raisins, one-half cup melted butter, one cup brown sugar (or white), one and one-half cups pastry flour, one teaspoon each soda, cinnamon, nutmeg, allspice. Mix in order given, put in pans in waterless cooker and steam three hours. When done turn out on platter and divide servings with fork. Do not cut. To make brandy sauce, sweeten about one quart of water to taste, add large lump of butter and one nutmeg. Thicken slightly with flour and bring to boil. Move from stove and add brandy to taste. Serve hot over pudding. Both pudding and sauce are good reheated.

FACTS AND FANCIES
Makes Yo-Yos
A reader contributes this which a young person might use for herself and to make some Christmas gifts.

After losing two yo-yos I tried to make one with buttons and it worked fine. Take two nearest buttons or any that have round holes and sew them to each other tight. Now fasten a string to them between the buttons and you have a yo-yo. You can do many tricks with them because they are smaller.

Cranberry Salad
One quart cranberries, one large apple, one large orange (or two small ones), one cup dried celery, one-half teaspoon salt, one package strawberrys flavored gelatin, two cups boiling water. Parboil cranberries, apple and orange through food chopper. Stir in sugar, celery and salt. Dissolve gelatin (boiling water may be used in test) in boiling water.

CAT GUARDS GRAVE
MUNICH—For seven months, a tom cat has been guarding the grave of his master, a fishmonger, at Rehau, North Bavaria. Although not present at the funeral, which took place in March, the cat found its way to the grave. Since then, from dawn to sunset every day, the cat lies on the grave, spitting at all who come near. Often he has to be brought home at night by force for feeding.

WENDT CHOSEN STATE CAPTAIN; 29 LETTER-MEN

Middletown Flashy End to Succeed Gomer Jones; 15 Men Graduate

COLUMBUS, Nov. 26 (INS)—Merle Wendt, Middletown, whose play at end earned him all-American rating this season, will captain Ohio State's 1936 football team. His selection was announced by the retiring captain, Gomer Jones, Cleveland, at the annual football banquet last night.

Captain Wendt is a junior in the engineering college, and a member of Tau Kappa Epsilon fraternity.

To Get Gold Footballs

Twenty-nine varsity football men received letters and were informed they would be given gold footballs emblematic of the 1935 Big Ten championship which Ohio State shared with Minnesota.

In addition to Jones, Cleveland senior, and Wendt, other varsity members to receive their O's are: Richard Beltz, Findlay; Frank Boucher, Kent; George Brungard, North Lima; William "Tippy" Dye, Pomeroy; Frank Fisch, Mansfield; Charles Hamrick, Gallopia; Richard Heekin, Cincinnati; John Kabealo, Youngstown; James Wether, Forest; James McDonald, Springfield; Charles Ream, Navarre; Trevor Rees, Dover; Inwood Smith, Mansfield; and Joe Williams, Barberton.

15 To Be Graduated

Fifteen members of the squad, including Capt. Jones, will be lost to the 1936 team through graduation.

O'MAHONEY IS VICTOR

CHICAGO, Nov. 26 (INS)—Damo O'Mahoney, claimant of the world's heavyweight wrestling title had another scalp in his victory belt today.

He did a hurray job of tossing Chief Little Wolf last night in 23 minutes 36 seconds, before a crowd of 4,000 at the Chicago stadium.

Pete Mehringer, a pro-footballer and James McMillen, wrestled to a draw as did Fred Grobner, Iowa and Andy Rascher, former Indiana university mat star.

BOWLING NEWS

Lou Vining went into first place in high single game in the ten pin meet with 249. He is also on top in three game total with 232-221-249, 702.

Persons tying for the turkey include C. Lemon, M. Baker, R. Beatty, N. Groban, Haecker, J. Lynch and W. Baker. The number was 150. Those tied must roll off today if they want the turkey.

The duck pin turkey was a tie between W. Fowler and F. Funk while A. Jennings and M. Starkey tied for the ladies' turkey. Roll-offs will be necessary.

Prophets say are in for a hard winter. But just how this will differ from recent springs, summers and falls, they do not make plain.

LANDRUM'S ATHLETES WIN PRACTICE GAME

Coach Jack Landrum's varsity basketball squad took the Muhlenberg - twp aggregation into camp, 35-13, in a practice drill Monday evening.

Both coaches, Landrum and Fullen, used all the men on their squads in an effort to learn the best combinations.

The Tigers will open their season next Tuesday when New Holland invades the local court. Ervin Carlisle, Delaware high school principal and splendid official, will be in charge of the game.

WALSH REPORTS MACK NEAR END

Failure of Club Blamed on Connie and Son; Athletics May Be Sold

By DAVIS J. WALSH
International News Service
Sports Editor

NEW YORK, Nov. 26 (INS)—If there turns out to be anything in that story from Philadelphia about the business men of the town buying the ball club from Connie Mack and the Shibles, it may surprise you to know that Mr. Mack might not be retained as manager, provided he wants the job under those conditions. I know it surprised me. I always felt that, no matter what the set up or ownership in Philadelphia might be, the venerable Mr. Mack was so far an institution that he must remain until such time as he walked out one evening and forgot to come back.

But it seems now that a lot of people over there have practically stopped worrying about the old man's memory; in fact, they're beginning to hope it's bad.

Others, more charitable, may blame the position of the ball club on the failure of the pitchers or on lack of money, although that's charity, indeed, in view of \$300,000 worth of player-sales in the last two years. Anyhow, the town blames Mr. Mack and, incidentally, Mr. Mack's son, Earle.

As I recall him, the latter wasn't even a good minor leaguer. Admittedly, that fact alone isn't conclusive. What seems to be much more so is that the Philadelphia Athletics finished last in the American league with hitter like Fox, Johnson, Moses, Higgins and Cramer; a good infield and an excellent outfield, probably the best in the league.

That's where Earle Mack comes in. He handles the pitchers, develops them; in a word, teaches them all he knows.

CARNERA EASY VICTOR OVER MONTANA SMITH

PHILADELPHIA, Nov. 26. Primo Carnera, former world's heavyweight champion, planted both feet firmly on the comeback trail today following his ten-round decision over Ford Smith, of Montana, here last night.

STANFORD MAY INVITE NOTRE DAME TO BOWL

Another Group Wants Winner of Southeastern Contest New Year's Day

STANFORD UNIVERSITY, Cal., Nov. 26 (INS)—Student sentiment here about Stanford's opponent for the Rose Bowl game on New Year's day was divided into three factions.

The groups were divided as follows:

1. Favors inviting Notre Dame despite the Irish's announcement they prefer no post-season games.
2. Favors inviting the winner of the Southern Methodist-Texas Christian game at Fort Worth on Saturday.
3. Favors inviting Minnesota or Princeton despite semi-official word from these institutions they "can't make the trip" or inviting New York University or Holy Cross, both undefeated.

Await Acceptance

Alfred R. Masters, Stanford graduate manager, and "Tiny" Thornhill, head coach, are keeping "mum." They will do the selecting after holding a conference with the board of athletic control. And, they will make no public announcement until the opponent has accepted the invitation.

Faction No. 3 is "out of luck," according to student leaders, thus, snubbing the selection to Notre Dame, Southern Methodist and Texas Christian.

The group backing Notre Dame lists several reasons for its choice. One reason is the famous celebrated Stanford-Notre Dame Rose Bowl game of several seasons ago. The hero for the Irish that day was the ace of the famous "Four Horsemen" of that era, Elmer Layden.

Stanford officials hold no scruples against selection of a southern team as an "eastern" opponent.

"Any team east of Pasadena is an east team to us," Masters said. "The Southwest plays great football and we have no bars against any team in Texas."

Here is Stanford's record at the Rose Bowl: Beat Pittsburgh 7-6; tied Alabama, 7-7, and lost to Notre Dame, 27-10; lost to Columbia, 7-0, and lost to Alabama 29-13.

Six thousand customers saw Smith start impressively, taking the first two chapters, only to tire as Primo took advantage of his tremendous physical edge.

Carnera failed to score a knockdown, but had Smith virtually out on his feet in the last four rounds, which he won by large margins.

Last night's fight was Carnera's second since he returned from Italy, where he sought rest and quiet after absorbing a terrific beating at the hands of Joe Louis. In his first come-back bout, the Italian stopped Walter Nourse, of Germany, in 4 rounds at Madison Square Garden.

You can tell people who are quality in public and trash in private. Just compare their backyard with the front.

THANKSGIVING TO CLOSE BUCKEYE LOOP SCHEDULE

DELAWARE, Nov. 26—Thanks giving Day games will complete the schedules of Buckeye conference teams for the 1935 season.

Only one of the games, the Miami-Cincinnati contest at Cincinnati, will have any bearing on the standings. The title has been won by Ohio university, with five straight victories, but second and third places will be in doubt in the Miami-Bearcat game.

Cincinnati is in third position, but can climb into a tie with Ohio Wesleyan by defeating Miami and the hope, of course, is for the Bear to win these traditional Turkey Day games and might do so again.

Ray Nolting, Cincinnati half-back and an almost certain all-Buckeye selection, has clinched 1935 individual scoring honors in the Buckeye. Nolting has made six touchdowns for 36 points and may add others in the Miami game Thursday. His teammate, Linus Haby, and John Chernitski, Ohio sophomore, are tied for second with 24.

MISS HEDGES REPRESENTS ASHVILLE IN CONTEST

Representing Ashville M. E. church in the coming county-wide Prince of Peace Declamation Contest will be Miss Gretchen Hedges, daughter of Mr. and Mrs. Richard Hedges, Harrison-twp. and a student at Ashville High School.

The various local church winners in the contest, sponsored by the Ohio Council of Churches, will compete for a silver medal emblematic of the county championship. Later the winner of this silver medal will enter a district gold medal competition, to determine a district winner who will enter the state competition in February for cash prizes and college scholarships.

In letters congratulating Miss Hedges and other local church winners on gaining admittance to the county contest, Rev. B. F. Lamb, Columbus, executive secretary of the Ohio Council of Churches, said in part:

"Besides gaining public speaking experience, you have put yourself on the right side of the question and have rendered a significant service toward the building of better international understanding. I trust you will continue to be active in the

educational campaign for peace throughout your life."

The Prince of Peace Declamation Contest, now in its eleventh year, is conducted annually by the Ohio Council of Churches among boys and girls of high school age as a means of building understanding of world problems and creating intelligent peace sentiment.

HURST ESTATE TO WIDOW
The will of Carl L. Hurst, Williamsport bee keeper, leaves his estate to his widow, Olive Aldre Hurst, and names her as executrix. The will, written Sept. 14, 1935, was filed with Judge C. C. Young for probate Saturday afternoon.

JUDGE MAKES A TRADE
WORLD, Wyo. The defense attorney's stirring plea for leniency to his client was interrupted in District Judge Percy Metz court here for a bit of old-fashioned horse trading, via long distance telephone. While the courtroom of spectators and attorneys listened, his honor talked into the instrument of color, height, weight, age, balminess, blemishes and prices. The negotiations were satisfactory to the court, listeners concluded, when the judge's short time later extended clemency to the defendant, a youth charged with burglary.

About This And That In Many Sports

BOUCHER FORGOTTEN MAN

Ohio State's forgotten man Franklin Boucher

Running hard, high, wide and handsome through most of Ohio's toughest opponents, showing best when the pressure was toughest, sprinting almost the distance of the field against Notre Dame in the thrill of the season; that is Boucher. But what did it gain him? He did receive honorable mention on the AP team which saw Gomer Jones and Merle Wendt chosen for first team berths.

LOST IN PUBLICITY FOG

So far as Columbus newspapers are concerned Boucher was just another common maze of publicity that covered Jones, Wendt, Joe Williams, Dick Heekin and a couple of others—On many teams in the country Boucher would have rated much more than he did at Columbus.

STANFORD WANTS IRISH

Stanford, chosen for Rose Bowl play, wants Notre Dame as its opponent, but that will not be Coach Elmer Layden has put the kibosh on such a move out of his Ramblers, and the record of the Irish is against their being chosen.

A defeat by Northwestern and tie by the Army, previously badly beaten by Pitt, cuts the Rambler prestige—Just who will be invited in the east is beyond us—Minnesota, the logical choice, cannot so because of conference rules; Princeton is opposed to the trip, but would probably go if asked; Texas Christian and Southern Methodist, the mighty southwestern teams, are eligible and it seems the winner of their game Thanksgiving day, might get the bid despite the fact that it sets a precedent—Since Minnesota has been counted out it seems that either of the Texas teams or Princeton might get the bid.

OHIO RATED EIGHTH

Alan Gould, whose ratings have been accepted even by Notre Dame fans this year, eliminates the Irish from his "ten" list today. He has Minnesota, Princeton, and Texas Christian tied for first, second and third; Southern Methodist, 4; Louisiana State, 5; Alabama, 6; Stanford, 7; Ohio State, 8; California, 9, and Pittsburgh, 10.

STANFORD MAY INVITE NOTRE DAME TO BOWL

Another Group Wants Winner of Southeastern Contest New Year's Day

STANFORD UNIVERSITY, Cal., Nov. 26.—(INS)—Student sentiment here about Stanford's opponent for the Rose Bowl game on New Year's day was divided into three factions.

The groups were divided as follows: 1. Favors inviting Notre Dame despite the Irish's announcement they prefer no post-season games. 2. Favors inviting the winner of the Southern Methodist-Texas Christian game at Fort Worth on Saturday. 3. Favors inviting Minnesota or Princeton despite semi-official word from these institutions they "can't make the trip" or inviting New York University or Holy Cross, both undefeated.

Wait Acceptance Alfred R. Masters, Stanford graduate manager, and "Tiny" Thornhill, head coach, are keeping "mum." They will do the selecting after holding a conference with the board of athletic control. And, they will make no public announcement until the opponent has accepted the invitation.

Faction No. 3 is "out of luck," according to student leaders, thus, snubbing the selection to Notre Dame, Southern Methodist and Texas Christian.

The group backing Notre Dame lists several reasons for its choice. One reason is the famous celebrated Stanford-Notre Dame Rose Bowl game of several seasons ago. The hero for the Irish that day was the ace of the famous "Four Horsemen" of that era, Elmer Layden.

Stanford officials hold no scruples against selection of a south-west eleven as an "eastern" opponent.

"Any team east of Pasadena is an east team to us," Masters said. "The Southwest plays great football and we have no bars against any team in Texas."

Here is Stanford's record at the Rose Bowl. Beat Pittsburgh 7-6; beat Alabama, 7-7, and lost to Notre Dame, 27-10; lost to Columbia, 7-0, and lost to Alabama 29-13.

Six thousand customers saw Smith start impressively, taking the first two chapters, only to tire as Primo took advantage of his tremendous physical edge.

Carnera failed to score a knock-down, but had Smith virtually out on his feet in the last four rounds, which he won by large margins.

Last night's fight was Carnera's second since he returned from Italy, where he sought rest and quiet after absorbing a terrific beating at the hands of Joe Louis. In his first come-back bout, the Italian stopped Walter Nussel, of Germany, in 4 rounds at Madison Square Garden.

You can tell people who are quality in public and trash in private. Just compare their backyard with the front.

About This And That In Many Sports

BOUCHER FORGOTTEN MAN

Ohio State's forgotten man—Franklin Boucher ***

Running hard, high, wide and handsome through most of Ohio's toughest opponents, showing best when the pressure was toughest, sprinting almost the distance of the field against Notre Dame in the thrill of the season; that is Boucher. But what did it gain him?—He did receive honorable mention on the AP team which saw Gomer Jones and Merle Wendt chosen for first team berths ***

LOST IN PUBLICITY FOG

So far as Columbus newspapers are concerned Boucher was just another common maze of publicity that covered Jones, Wendt, Joe Williams, Dick Heekin and a couple of others—On many teams in the country Boucher would have rated much more than he did at Columbus ***

STANFORD WANTS IRISH

Stanford, chosen for Rose Bowl play, wants Notre Dame as its opponent, but that will not be Coach Elmer Layden has put the kibosh on such a move out of his Ramblers, and the record of the Irish is against their being chosen.

A defeat by Northwestern and tie by the Army, previously badly beaten by Pitt, cuts the Rambler prestige—Just who will be invited in the east is beyond us—Minnesota, the logical choice, cannot go because of conference rules; Princeton is opposed to the trip, but would probably go if asked; Texas Christian and Southern Methodist, the mighty southwestern teams, are eligible and it seems the winner of their game Thanksgiving day, might get the bid despite the fact that it sets a precedent—Since Minnesota has been counted out it seems that either of the Texas teams or Princeton might get the bid ***

OHIO RATES EIGHTH

Alan Gould, whose ratings have been accepted even by Notre Dame, rates this year, eliminates the Irish from his "ten" list today—He has Minnesota, Princeton, and Texas Christian tied for first, second and third; Southern Methodist, 4; Louisiana State, 5; Alabama, 6; Stanford, 7; Ohio State, 8; California, 9, and Pittsburgh, 10 ***

THANKSGIVING TO CLOSE BUCKEYE LOOP SCHEDULE

DELAWARE, Nov. 26.—Thanks-giving Day games will complete the schedules of Buckeye conference teams for the 1935 season.

Only one of the games, the Miami-Cincinnati contest at Cincinnati, will have any bearing on the standings. The title has been won by Ohio university, with five straight victories, but second and third places will be in doubt in the Miami-Bearcat game.

Cincinnati is in third position, but can climb into a tie with Ohio Wesleyan by defeating Miami and the hope, of course, is for the Bear-hats won these traditional Turkey Day games and might do so again.

MISS HEDGES REPRESENTS ASHVILLE IN CONTEST

Representing Ashville M. E. church in the coming county-wide Prince of Peace Declaration Contest will be Miss Gretchen Hedges, daughter of Mr. and Mrs. Richard Hedges, Harrison-twp, and a student at Ashville High School.

The various local church winners in the contest, sponsored by the Ohio Council of Churches, will compete for a silver medal, emblematic of the county championship. Later the winner of this silver medal will enter a district gold medal competition, to determine a district winner who will enter the state competition in February for cash prizes and college scholarships.

In letters congratulating Miss Hedges and other local church winners on gaining admittance to the county contest, Rev. B. F. Lamb, Columbus, executive secretary of the Ohio Council of Churches, said in part:

"Besides gaining public speaking experience, you have put yourself on the right side of the peace question and have rendered significant service toward the building of better interdenominational understanding. I trust you will continue to be active in the educational campaign for peace throughout your life."

The Prince of Peace Declaration Contest, now in its eleventh year, is conducted annually by the Ohio Council of Churches among boys and girls of high school age as a means of building understanding of world problems and creating intelligent peace sentiment.

HURST ESTATE TO WIDOW

The will of Carl L. Hurst, Williamsport bee keeper, leaves his estate to his wid-w, Olive Alkire Hurst, and names her as executrix. The will, written Sept. 14, 1935, was filed with Judge C. C. Young for probate Saturday afternoon.

JUDGE MAKES A TRADE

WORLAND, Wyo.—The defense attorney's stirring plea for leniency to his client was interrupted in District Judge Percy Metz' court here for a bit of old-fashioned horse trading, via long distance telephone. While the courtroom of spectators and attorneys listened, his honor talked into the instrument, of color, height, weight, age bulkiness, blemishes and prices. The negotiations were satisfactory to the court, listeners concluded, when the judge a short time later extended clemency to the defendant, a youth charged with burglary.

21 MORE OBTAIN PENSION MONEY

Average County Award Boosted to \$12.80 in Report

COLUMBUS, Nov. 26—Ohio spent \$1,288,182.25 during Oct. for payment of old age pension awards as the number of recipients increased by 826 to a total of 85,170 persons receiving aid for the aged, according to a report issued today by Henry J. Berrold, chief of the Division.

The average award over the state remained practically the same as in September, being cut by only one cent to \$15.12. The increase in the number of recipients and the failure to slash average awards more seriously account for the increase in expenditures over the previous month by almost \$13,000.

In Pickaway-co., the number of old age pension recipients was increased by 21 persons and the average award was raised by 17 cents to \$12.80. There were 692 persons on the county's pension rolls in October but it is expected that this number will be increased by additions made during the current month.

If the Senate adopts the House bill making Ohio's old age pension law conform to the national security act, and agrees to the elimination of the property transfer clause, it is believed that at least 8000 more applications for old age pensions will be filed. Under the property clause existing in the old law, a recipient was compelled to transfer his or her homestead if valued at \$3500 to the state. After death of the recipient, the property is turned over to the heirs minus the amounts paid out in pension awards to the recipient during the latter's lifetime. Repeal of this provision will remove the objection of numerous aged couples who have hesitated to apply for aid for fear of losing their homes.

WPA TO PROVIDE BULK OF MONEY NEEDED ON JOB

Old Stone Box Now in Use to Be Removed Under Plans for Improvement

Circleville's east side storm sewer project has been approved by WPA officials, Vattier Court-right, field engineer learned late Monday.

Mr. Courtright was in Chillicothe at the district office when a telegram was received from Washington announcing the release of the project. The exact government figures and employment data have not been received but probably will arrive at the local office within a few days.

The major part of the project is to remove the old stone box now in use. This sewer empties into a ditch back of the property of Clayton Chaffin, E. Main-st. The ditch extends through the Haswell property to Hargus creek. It is understood the new sewer will empty into the line at Main and Mingo-sts emptying into the creek at the Lancaster-pike bridge.

The plans approved by council listed the project at \$21,993, with the government paying \$17,044, and the city \$4,949. The plans included the following specifications: 1150 feet of 30 inch pipe on Mingo-st; 1227 feet of 30, 24 and 20 inch pipe on Union-st; 629 feet of 5 inch in alleys, and 390 feet of 15 inch pipe on Abernethy-ave from Mound-st to Union-st.

Relaying of brick on the Court-st reconstruction project will start as soon as tar is received, the local office announced.

SAFETY CAMPAIGN IN OHIO INDUSTRY ASKED

COLUMBUS, Nov. 26—(INS)—Industries throughout the state will be asked to co-operate in a three month safety drive to reduce industrial fatalities, Thomas P. Kearns, superintendent of the division of safety and hygiene, of the State Industrial Commission, here announced today.

More than 2500 manufacturers have already indicated they would participate in the campaign which will affect more than 250,000 workmen.

Cities in which the campaign will be waged are Dayton, Columbus, Toledo, Cleveland, Canton, Steubenville, and Cincinnati.

Continued From Page One

followers to temper their activities, "it is doubtful he will be able to curb his men."

"The secretly planned coup, said the paper, is the result of the will of the majority, "who are in favor of immediate and violent action."

Most political leaders agreed that, regardless of whether the Fascist Coup is staged Thursday, Premier Pierre Laval himself is in grave danger of being thrown out of office in Parliamentary manner. The planned Fascist coup as outlined by the Loeuvre Populaire today calls for violent action.

"The plan of attack," said the paper, "includes an assault upon the chamber of deputies, the central telephone and telegraph of-

fices, and the various ministries. "During the first hours of the coup a certain number of executions is foreseen."

Radicals Are Worked

Those marked for death, according to the paper, "are nearly all former radical ministers."
